FAQ-What is a expandable container?

The expandable container house is a uniquely designed prefabricated home, constructed from a galvanized steel frame and sandwich panels. It offers the advantage of being shipped in 40'HC shipping containers, reducing transportation costs, and can expand to a spacious 37 to 70 square meters. It comes equipped with pre-manufactured bathrooms, wiring, and plumbing facilities.

FAQ-Why select Eco Nest House?

Eco Nest House is the ideal choice for those seeking a sustainable, affordable, and flexible home. Offering container homes, tiny houses, and transportable living spaces, it combines modern design and efficiency, using eco-friendly materials and renewable energy systems. The company promotes an adaptable, accessible, and conscious lifestyle, allowing you to live more freely, economically, and in harmony with the environment. With Eco Nest, you have the freedom to live wherever you want, with comfort and sustainability.

FAQ-Are there different layout design that I can select?

Yes, from our customization sheet you can select your favorite house as you like.

Unlike others offering only 20ft, we can provide more options for clients including 20/30/40ft, studio or any other customization required sizes, please just fill in the form and our sales manager will follow up with your specific requirements.

FAQ-How long does delivery take?

Customized orders from the factory have a production cycle of 18 days. Following production, international shipping generally takes 30 days, with an additional 1-2 weeks for customs clearance and local delivery. Overall, you can expect delivery within approximately 2.5 months.

FAQ-Does your house comply with council regulations?

While our products are crafted to meet rigorous caravan standards, it's essential to acknowledge that compliance requirements can differ across local councils and intended usage. We encourage proactive engagement with your local council to ascertain adherence to pertinent regulations and standards. This step ensures a smooth transition for our products into your desired application beyond transportable/caravan or temporary dwelling.

FAQ-Do you have any in stock?

Our available stock is limited, but fear not! We provide personalized customization services to meet your specific needs. Simply visit our official website to customize your requirements, and we'll promptly provide you with a tailored quotation. Please note that the lead time for customized products is approximately 2.5 months.

FAQ-Do you have a volume discount if I purchase more?

Absolutely! We're pleased to offer volume discounts tailored to your purchase quantity. Feel free to reach out for more details on how we can accommodate your needs.
